The Time Machine - a great place for  
kids! - 1. Introduction. In this  
paper, we address the question:  
how susceptible are jobs to  
computerisation? Doing so, we  
build on the existing literature in  
two ways.

Olympiad is an American team  
competition in which students  
compete in 23 'events' pertaining  
to various scientific disciplines,  
including earth science, biology,  
chemistry, physics, and  
engineering. Over 7,800 middle  
school and high school teams  
from 50 U.S. states compete  
each year. U.S. territories do  
not compete; however, since  
2012 high school teams from  
Japan have competed at the ...

One part of a recent survey  
caught my attention:. The  
strongest correlate of opinion on  
climate change is

partisan affiliation. Two-thirds  
of Republicans (67%) say either  
that the Earth is getting warmer  
mostly because of natural  
changes in the atmosphere (43%)  
or that there is no solid evidence  
the Earth is getting warmer  
(24%).
